

LEAVING HOME FOR A NEW HOME ...

A MESSAGE FROM KATHLEEN GAFFNEY
FOUNDER, ARTSGENESIS

We are all pioneers in this Interactive Residency.

People who migrate are called immigrants and/or pioneers. Pioneers are people who are *the first to go*. They run into all the problems and obstacles and chart the way for others who come after.

I think of all of the partners in this immigration project as pioneers, because we are willing to press ahead into the unknown, unseen future, grapple with the problems (which we will undoubtedly encounter) and leave a map for those who come after to follow. Perhaps we will help the second wave avoid some pitfalls.
